A BRILLIANT IDEA FOR BUSINESS

Increase efficiency and stay flexible with PODS® convenient storage plus moving solutions.

PODS Solutions for Restaurant Repair Professionals

The perfect solutions for national roll outs, storage overflow and temporary storage in between

STAY FLEXIBLE | SEASONAL STORAGE | RENOVATIONS AND REMODELS | REDUCE BOTTLENECKS | MANAGE MULTIPLE LOCATIONS

PODS Flexible Storage Solutions

PODS focuses on your storage plus moving needs so you can focus on your business.

- Your choice of on-site or off-site storage
- Flexible scheduling – Take as much time as you need
- Hassle-free logistics – No need to worry about booking drivers or inconvenient double-handling (unloading and reloading)
- Fixed, competitive monthly rates – Stay in control of your budget

Temporary Storage

Turn to PODS for your temporary storage needs. Maximize space by keeping restaurant equipment in a PODS portable storage container until they're ready for use or transportation.

Renovations and Remodels

Give contractors more room to work and cut down on project times. Streamline operations with centralized distribution of furniture, fixtures and equipment to remodel locations.

Reduce Bottlenecks

Stay on time and budget with a direct point of contact at your side during the duration of the project.

Manage Multiple Locations

Easily transport supplies, equipment or merchandise between various locations for national roll outs.

GREATER FLEXIBILITY = GREATER SUCCESS

On-Site Storage

Have PODS containers conveniently delivered to your location and picked up when you're ready.

Off-Site Storage

Keep your PODS containers in one of our local, secure Storage Centers until you need them, and access your items at your convenience while they're in storage.

Local & Long-Distance Moving

With locations all over North America, PODS is able to transport containers virtually anywhere you need them.

SECURITY & PROTECTION

Protection from the Elements

PODS standard containers are designed with a sturdy steel frame and are weather-resistant, built to withstand winds of up to 110 mph. They're also made to be "breathable," which helps prevent moisture issues like condensation and mold.

PODZILLA® Patented Lift System

PODS containers are moved using PODZILLA, our patented lift system designed to keep containers – and their contents – level while being loaded onto and off the truck, and to easily position containers in hard-to-reach or tough-to-fit locations.

Three Convenient Sizes

7', 12' and 16' containers (7'x7'x8', 12'x8'x8', 16'x8'x8')*

IndEx Member Benefits
